REF: A. STATE 111597  
[1](#)B. STATE 113769

Classified By: Ambassador Clark T. Randt, Jr.

[1](#)1. (S) In an October 27 meeting with Vice Foreign Minister He Yafei on a range of topics (septel), the Ambassador stressed the importance of nonproliferation and of continuing the U.S.-China nonproliferation dialogue. Noting the unwillingness of MFA Arms Control and Disarmament Department officials to meet with EmbOffs since the October 3 announcement of U.S. arms sales to Taiwan, the Ambassador passed to VFM He ref A and ref B nonpapers (1) urging Chinese cooperation in following up on PRC company LIMMT's continuing nonproliferation activity; and (2) asking whether China licensed the transfer of a trisonic wind tunnel to Pakistan. VFM He offered no substantive response.
